Developmental Medicine and Child Neurology

Volume 17 1975

INDEX

Authors and subjects of articles in the body of the Journal are indexed together. Abstracts are included in the general index and listed both under subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicted by the symbol '(L)'.

KEY TO ISSUES AND PAGES

Issue	*Pages*	*Issue*	*Pages*
No. 1	1–138	No. 4	419–560
No. 2	139–276	No. 5	561–702
No. 3	277–418	No. 6	703–844

ABROSINOVA, N. A. *See* CHICHERIN, L. P., 700
Achondroplastic children with cranial enlargement, CSF scanning in, 224
ADAMS, R. M., KOCSIS, J. J. and ESTES, R. E.: Soft neurological signs in learning-disabled children and controls (abstr.). 415
ADCOCK, E. W. *See* SIMMONS, M. A., 135
Adoption and foster care of handicapped children in the U.S., 614
Adrenal glands, fetal, possible rôle in etiology of postmaturity (abstr.), 556
Adrenocortical function in ataxia-telangiectasia (Louis Bar syndrome) (abstr.), 272
AHMAD, A., LAIDLAW, J., HOUGHTON, G. W. and RICHENS, A.: Involuntary movements caused by phenytoin intoxication in epileptic patients (abstr.), 556
ALBERMAN, E.: The prevention of Down's syndrome, 795
ALEKSIC, S., BUDZILOVICH, G., REUBEN, R., LAGUNA, J., FINEGOLD, M., MCCARTHY, J., CONVERSE, J. M. and FEIGIN, I.: Unilateral arhinencephaly in Goldenhar-Gorlin syndrome, 498
ALLEN, J. M. M. *See* SHARRARD, W. J. W., 836
American Academy for Cerebral Palsy, Annual Meeting, Denver, Colorado, 1974: abstract of papers presented, 387
AMES, M. D. *See* STEIN, S. C., 311
Amniotic fluid foam test and fat cell count in malnourished and well-nourished fetuses (abstr.), 702
Amphetamines in hyperactivity, 117(L), 293
ANAMENSKAYA, I. V. *See* KONOVALOVA, T. I., 135
ANDERSON, H.: Subdural effusions, 115(L)
ANDREYEVA, E. I.: The correlation of compatible and incompatible isoantigenic combinations in accordance with type (Rhesus) and group (ABO) blood antigens in deceased at different stages of gestation, stillborns, and their mothers (abstr.), 840
Anencephalus and maternal tea-drinking: possible association (abstr.), 271

ANNOTATIONS
Abnormalities of the hip in cerebral palsy, 797
Birthweight or gestational age, or birthweight for gestational age? 644
Care of the cerebral-palsied child at school, 524
Carrier detection and genetic counselling in Duchenne dystrophy, 352
Cleidocranial dysostosis, 522
Clinical analysis of the cry, 799
Congenital colour blindness and its detection in children, 247
Dangerous way to treat subdural haematoma, 517
Diastematomyelia, 361
Drug interactions in epilepsy, 94
Electrophysiological tests of hearing, 96
Fetal surgery, 795
Health care, improvements in, 89
Hypernatraemia: a preventable cause of acquired brain damage? 91
Incidence and nature of child abuse, 641
Involuntary movements, 519
Learning difficulties: rôle of the doctor, 99

Myotonic dystrophy: hazards of pregnancy and infancy, 356
Paraneoplastic syndromes in children, 364
Parental response to handicapped children, 251
Prevention of Down's syndrome, 793
Prognosis after acute lymphoblastic leukaemia, 244
Retinopathy in low-birthweight infants, 525
Stigmata, dental defects and dermatoglyphics as aids in neurological diagnosis, 365
Teaching medical students about epilepsy, 518
Antigens: correlation of compatible and incompatible isoantigenic combinations in accordance with type (Rhesus) and group (ABO) blood antigens in deceased at different stages of gestation, stillborns, and their mothers (abstr.), 840
α_1Antitrypsin deficiency, mass screening of Swedish newborn infants for (abstr.), 700
APERIA, A., BROBERGER, O., THODENIUS, K. and ZETTERSTRÖM, R.: Developmental study of renal response to oral salt load in preterm infants (abstr.), 135
Arhinencephaly in Goldenhar-Gorlin syndrome, 498
Arnold-Chiari malformation, and multiple cranial nerve palsies, 401(L)
ARSENJEVA, M. G. *See* KNYAZEVSKAYA, E. G., 840
Asymmetrical tonic neck reflex, 119(L), 254(L)
Ataxia-telangiectasia (Louis Bar syndrome), adrenocortical function in (abstr.), 272
ATTAL, C., ROBAIN, O. and CHAPUIS, G.: Familial nerve trunk paralyses, 787
Audiometry, clinical and evoked response, in late infancy, 726
Auditory figure-ground discrimination, development, and ear asymmetry, under monaural stimulus presentation, 325
Auditory perception of neurologically impaired infants, study by automatic operant response procedure, 186
Autism, infantile: prospective study of diagnosis, 58
Automatic operant response procedure ('Play-test') for study of auditory perception of neurologically impaired infants, 186
AYTBAYER, K. A. *See* DAVIDENKOVA, E. F., 271

BACHELDER, L. *See* BORGSTEDT, A. D., 840
BACHMAN, D. S.: Hearing loss after *H. influenzae* meningitis, 119(L)

BATEN, M. *See* VANNUCCI, R. C., 416
BATTAGLIA, F. C. *See* SIMMONS, M. A., 135
BAX, M.: Clinical analysis of the cry, 799
— My Ps.D., 1
— Williams' way, 254(L)
Behaviour analysis, applied, in treatment of childhood feeding problems, 333
Behaviour and learning disturbances, following early hospital admission, 456
Behavioural effects of anti-epileptic drugs, 647
BELL, B., MEDNICK, S. A., RAMAN, A. C., SCHULSINGER, F., SUTTON-SMITH, B. and VENABLES, P.: A longitudinal psycho-physiological study of three-year-old Mauritian children: preliminary report, 320
BENSON, P. F. *See* DEAN, M., 47
BERG, B. O. *See* KOROBKIN, R., 340
BERMAN, W.: The ketogenic diet, West and Lennox syndromes, 255(L)
Bicycle ergometer work of young adults with cerebral palsy, 434
BINNIE, C. D. *See* JONES, B. N., 726
Biochemistry or rectal biopsy for diagnosis of neurological disorders? 253(L), 684(L)
Birth injury, intrauterine, and intrauterine cerebral oedema, sequelae: clinical and radiological correlation (abstr.), 135
—, spinal-cord, 103
Birthweight, low
and subsequent neurological defect, 3
neurological sequelae and later intelligence in (abstr.), 270
retinopathy in infants of, 525
Birthweight or gestational age, or birthweight for gestational age? 644
BISCHOFF, A. *See* MEIER, C., 625
